A Text Book

For The Campaign

OF 1900.

BY W. H. HARVEY,

—THE AUTHOR OF—

"Coin's Financial School."

\$ \$ \$ \$ \$

This book is now having a wonderful circulation. The retail price is 25 cents. In size it is 35 pages larger than "Coin's Financial School," profusely illustrated, with best paper, enameled in two colors.

Its treatment of the subjects of Money, Trusts and Imperialism, is exhaustive and yet simple and plain as the A B C's. It will educate and arouse the American people to a common defense of their homes and the heritage of free institutions. It teaches organization and points out the remedy. It is educational and should be in the hands of every man, woman, boy and girl in the United States.

The book is a school and the little boy Coin the teacher. His school in May 1894, "Coin's Financial School," electrified a nation and moulded the political sentiment of a National Political Party.

Coin on Money, Trusts and Imperialism may be expected to rally anew the forces of human liberty.

The Shiner Gazette, J. C. Habermacher editor and publisher, has the sole agency for Lavaca county, wholesale and retail. For terms, etc., address The GAZETTE, Shiner, Texas.

For broken limbs, chilblains, burns, scalds, bruised shins, sore throat and sores of every kind, apply **BAL-LARD'S SNOW LINIMENT**. It will give immediate relief and heal any wound. Price 25 and 50 cts. For sale by Aug. Grave.

Letter From The Philippines.

The following is an extract from a letter received by Mr. T. R. Jones from a friend, De Soto Ragland, in the regular army in the Philippines.

"You will no doubt be surprised to receive a letter from me in this far away country. I am now in the regular army. I like it a great deal better than I did the volunteers. Our command is in the second division of the eighth army corps, under General MacArthur. We are at the front on the north line. There has been two small fights since I have been here. I belong to the artillery now. I expect there will be a general advance soon. I like this country very well; it is not such a bad climate as has been represented by the newspapers."

My son has been troubled for years with chronic diarrhoea. Some time ago I persuaded him to take some of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using two bottles of the 25-cent size he was cured. I give this testimony hoping some one similarly afflicted may read it and be benefited.—Thomas C. Bower, Glenora, Ga. Armed Conflict Is Averted.

GOVERNOR TAYLOR ORDERS
THE RELEASE OF ALONZO
WALKER.

Frankfort, Ky., Feb. 4.—Armed conflict between the civil authorities of Franklin county and the national guard of the State of Kentucky has been averted and unless new causes should come to the front there is small likelihood that the political situation will again become as threatening as it has been during the last thirty-six hours.

Gov. Taylor this morning ordered the release of Alonzo Walker, for the possession of whom Judge Moore had declared that Sheriff Suter could swear in a posse and take possession of the Capitol grounds if such an extreme measure became necessary. While not recognizing in his action the existence of the writ of habeas corpus which had been sworn out in behalf of Walker, Gov. Taylor by releasing the man removed the most threatening sign of trouble. The commanding officers of the troops which guard the Capitol grounds are careful to say that the situation is entirely a military affair and that they extend no writ of habeas corpus very little consideration, but whether they regard it or not, Walker is free and Sheriff Suter will not be called upon to summon force in the attempt to secure his release.

IN SOUTH AFRICA.

ANOTHER ADVANCE ON LADY-SMITH.

Buller Again On The Move.

London, Feb. 5.—A special dispatch from Durban dated Sunday and referring to Gen. Buller's crossing the Tugela in an advance upon Ladysmith, says:

It is probable that Gen. Buller crossed a spot above Titchard's drift and that leaving the enemy to the right he is marching to Action-Homes, whence the road to Ladysmith runs almost due east through a fairly open country.

It is said here that he will reach Ladysmith tomorrow (Monday) night.

London, Feb. 5.—The Pietermaritzburg correspondent of the Daily Mail telegraphing yesterday, says: "Gen. Buller has undoubtedly recaptured the road to Ladysmith and should reach his objective this week. It is believed the object of the Boers in occupying Ngata, Zululand, is to secure the road from Dundee to Vryheid in case of retreat."

"I learn from a reliable source that Gen. Joubert was seriously injured by a shell in the fight at Willow Grange and that he will never be able to command again on horseback." My informant says he has, in fact, retired from the field.

Gatlin's Cough Syrup gives quicker relief than any other remedy. Don't let your cough keep you awake at night. Take Gatlin's Cough Syrup. It is so pleasant children cry for it.

A brief snap of icy weather can't kill many cattle, and if Texas can just pull through February without a protracted blizzard the beef crop is going to be a record-breaker all around.—Gatlin's Cough Syrup.

It's Easy To Take

Thin, pale, anæmic girls need a fatty food to enrich their blood, give color to their cheeks and restore their health and strength. It is safe to say that they nearly all reject fat with their food.

SCOTT'S EMULSION
OF
COD LIVER OIL
WITH HYPOPHOSPHITES OF LIME & SODA

is exactly what they require; it not only gives them the important element (cod-liver oil) in a palatable and easily digested form, but also the hypophosphites which are so valuable in nervous disorders that usually accompany anemia.

SCOTT'S EMULSION is a fatty food that is more easily digested than any other form of fat. A certain amount of flesh is necessary for health. You can get it in this way.

We have known persons to gain a pound a day while taking it.
